

## **Minneapolis Heart Institute Foundation® Cardiovascular Grand Rounds**

**Title: Novel Coronary Interventions on the Horizon: Stents, Balloons, and Lithotripsy**

**Speaker: Dean J. Kereiakes, MD**

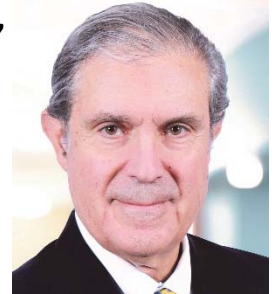

President, The Heart and Vascular Center at The Christ Hospital  
Medical Director, The Christ Hospital Research Institute  
Professor of Clinical Medicine, The Ohio State University

**Date: March 29, 2021**

**Time: 7:00 - 8:00 AM**

**Location: MHI Building, Suite 100, Learning Center**

**Webinar - [www.mplsheart.org/grandrounds](http://www.mplsheart.org/grandrounds)**

### **OBJECTIVES**

At the completion of this activity, the participants should be able to:

1. Describe the impact of stent strut thickness and strut geometry on clinical outcomes to one year following coronary stent implantation.
2. Discuss different mechanisms for balloon-mediated drug delivery and the objectives for regulatory approval trials in the coming year.
3. Describe the impact of vascular calcium on early and late complications after coronary stent implantation and the mechanism by which intravascular lithotripsy enhances vessel compliance and optimal stent expansion.

### **Moderator(s)/Speaker(s)**

Dr. Dean Kereiakes has disclosed that the following relationships as it relates to presenting the content in this activity/course—Consultant: Shockwave Medical.

### **NON-ENDORSEMENT OF COMMERCIAL PRODUCTS AND/OR SERVICES**

We would like to thank the following company for exhibiting at our activity.

**Bristol Myers Squibb**

**Pfizer, Inc**
