OBJECTIVES

At the completion of this activity, the participants should better be able to:

1. Recognize the clinical presentation of infected native aortic aneurysm and aortic grafts.
2. Review outcomes of medical management alone versus medical plus surgical management.
3. Discuss the role, if any, of endovascular therapy in the management of patients with mycotic aneurysms.

DISCLOSURE POLICY & STATEMENTS

Allina Health Learning & Development, Office of Accreditation intends to provide balance, independence, objectivity and scientific rigor in all of its educational activities. The **ACCME defines an ineligible company** as “any entity” whose primary business is producing, marketing, re-selling, or distributing health care products/services used by or on patients.
