

Minneapolis Heart Institute Foundation® Cardiovascular Grand Rounds

Title: Management of Ventricular Arrhythmias: A presentation of some illustrative cases and a review of the most recent peer reviewed literature and management guidelines

Speaker: Edwin Zishiri, MD

Cardiac Electrophysiologist

Allina Health Minneapolis Heart Institute

Date: October 30, 2023

Time: 7:00 - 8:00 AM

**Location: Minneapolis Heart Institute Building, Suite 100, MHIF Learning Center
Webinar - visit www.mplsheart.org/grandrounds for login information**

OBJECTIVES

At the completion of this activity, the participants should better be able to:

1. Discuss illustrative cases that showcase the issues, therapeutic options, procedural technical challenges and nuances for patients with different flavors of ventricular arrhythmias:
 - Frequent PVCs and non sustained VT in the presence of LV systolic dysfunction.
 - Sustained monomorphic VT in the presence of prior myocardial infarction or ventricular scarring.
 - Frequent PVCs, non sustained VT and sustained VT in non ischemic cardiomyopathy (some epicardial cases).
2. Recognize that rarely epicardial access and ablation can be performed in patients with prior open heart surgery.
3. Discuss some of the peer reviewed literature behind the guidelines that inform most contemporary guidelines on the management of ventricular arrhythmias.

Moderator(s)/Speaker(s) – Dr. Edwin Zishiri has disclosed that he DOES NOT have any financial relationships with ineligible companies that have existed WITHIN THE LAST 24 MONTHS, even if it has now ended as it relates to presenting the content in this CME activity.

NON-ENDORSEMENT OF COMMERCIAL PRODUCTS AND/OR SERVICES

We would like to thank the following company for exhibiting at our activity.

Amgen

Novartis Pharmaceuticals
