OVERVIEW/PURPOSE STATEMENT

MHIF Cardiovascular Grand Rounds provides physicians and other health care providers the opportunity to review and discuss the latest developments in cardiovascular care.

OVERALL OBJECTIVES

At the completion of this activity, the participants should better be able to:

1. Recognize common non-cardiovascular causes of morbidity and mortality in cardiogenic shock
2. Describe the interplay between positive-pressure ventilation and cardiac hemodynamics
3. Define the optimal vital sign targets in cardiogenic shock
4. Describe the geographical distribution of Native American reservations in Minnesota
5. Appreciate the history of the Indian Health Service
6. Explore potential care delivery methods for rural populations
