

► **CARDIOVASCULAR GRAND ROUNDS**

Thursday, April 28, 2016

6:00 – 7:00 PM - Lecture

ANW Education Building, Watson Room

7:00 – 8:00 PM – Reception

MHI Foundation Building | Lower Level Foyer

920 East 28th Street | Minneapolis, MN 55407

2016 Howard B. Burchell Memorial Lecture Emergence of Nonobstructive Coronary Artery Disease in Women

CARL J. PEPINE, MD, MACC

Professor of Medicine
University of Florida

LEARNING OBJECTIVES:

At the completion of this activity, the participants should be able to:

- Review the problem of nonobstructive CAD in patients with symptoms/signs of ischemia.
- Discuss mechanisms of ischemia in these patients.
- Discuss management strategies in these patients.

Pre-registration is required due to limited seating. Visit online at mplsheart.org/burchell to register.

For cancellation or changes, kindly provide a 48-hour notice by e-mail to grandrounds@mhif.org.

See reverse side for Information about parking, accreditation statement, disclosure statements.

Next Day Community Event on April 29, 2016 | 9:00 AM | American Swedish Institute:

Mars vs. Venus: True for your heart too? To attend, please register at www.mplsheart.org/venusmars

► **ABOUT DR. HOWARD B. BURCHELL**

Howard B. Burchell, MD, was born in Athens, Ontario, Canada. He received his medical degree from the University of Toronto in 1932. He continued his training at Toronto General Hospital, the University of Pittsburgh, the Mayo Graduate School, and the London Hospital Medical School and Heart Hospital in England. After World War II, during which Dr. Burchell served in the U.S. Army Medical Corps, he returned to the Mayo Clinic as a consultant, ultimately becoming Professor of Medicine. In 1968, Dr. Burchell was appointed Chief in Cardiology at the University of Minnesota Medical School, a position he held until his official retirement in 1975.

After retirement, Dr. Burchell was Professor Emeritus of Medicine and an active participant in the medical academic life of the Minneapolis/St. Paul community. He received several professional honors both during his career and after retirement. Today he is widely recognized as one of the foremost authorities in cardiology during the 1950s and 1960s. He is considered to have set the stage, with his colleagues, for the ablation of accessory AV connections, which ultimately led to the current era of interventional cardiac electrophysiology. The annual Burchell lecture is a tradition that was created over twelve years ago as a way to honor Dr. Burchell and his contributions to the world of medicine.

PARKING

Attendance includes free parking in the Abbott Northwestern Hospital Visitor ramp off East 28th Street. Vouchers will be provided upon arrival.

ACCREDITATION STATEMENT

Physician: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Allina Health and Minneapolis Heart Institute Foundation. Allina Health is accredited by the ACCME to provide continuing medical education for physicians.
