

Creating a world without heart and vascular disease

Life After Coronary Stenting/Intervention
March 14, 2019 5:30pm-8:30pm
Edina Country Club
5100 Wooddale Ave S, Edina, MN 55424

Have you or a loved one had angioplasty with or without stenting? If so, you may have questions about what comes next and what lifestyle adjustments you should make. Join the Minneapolis Heart Institute Foundation for an evening focusing on Life After Coronary Stenting/Intervention. You will hear from experienced cardiologists about coronary artery disease, when and why angioplasty may be needed and what to expect going forward. You will also hear a patient's perspective, information on current research in this area and have time to ask questions of the expert panel. We hope you will join us!

Agenda:

5:30-6:30pm	Registration, Dinner and Welcome	Emmanouil Brilakis, MD
6:30-6:40pm:	What are Stenting and Antiplatelet Therapy	Santiago Garcia, MD
6:40-6:50pm:	Life After Stenting: Time for a New Start (diet and exercise and lipid management)	Michael Miedema, MD
6:50-7:00pm:	Noninvasive Coronary Artery Imaging	Joao Cavalcante, MD
7:00-7:15pm:	Q&A Panel	Emmanouil Brilakis, MD Moderate
7:15-7:25pm:	Complex Interventions: Chronic Total Occlusions, Brachytherapy and Beyond	M. Nicholas Burke, MD
7:25-7:35pm:	A Brighter Future: Ongoing and Future Research	Emmanouil Brilakis, MD
7:35-7:45pm:	Life after Stenting: A Patient Perspective	TBD
7:45 onward:	Q&A Panel and Open Discussion Forum	Emmanouil Brilakis, MD Moderate
