OBJECTIVES

At the completion of this activity, the participants should be able to:

1. Understand the basics of VA-ECMO, including its history of use in adults.
2. Review the hemodynamics of cardiogenic shock and VA-ECMO.
3. Identify the common objectives, indications and contraindications to VA-ECMO use and ECPR.
4. Highlight MHI's approach to ECPR management and experience in its use

The **ACCME** defines a **commercial interest** as “any entity” producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests - unless the provider of clinical service is owned, or controlled by, an ACCME-defined commercial interest.
